FUSION

FUSION 80 - 051

Fusion range presents fifteen marvelous models, varying in formats and dimensions, distributed between seven captivating colours, as black or white and modern wood tones. All the Fusion models have two cabinets available (19mm or 40mm wood thickness) with push to open doors. They are all equipped with EASY LED lighting system. Although, you can choose the EASY LED H2O, with light cooling by the action of water. There is also available, in option, a BIOBOX® filtration system, with EasyFlux® water pump, EasyKlim® heater and EasyBox® filter media.

Available in 3 shapes

FEATURES

ALUMINIUM PROFILE

The Fusion range aquariums have aluminium profile, a great quality material that gives greater durability to the structure of the tank.

EASY ACCESS TO THE INTERIOR

The fixtures placed on top of the tank have a sliding system that allows them to be positioned at the ends, leaving a wide open space for easy access to the interior of the tank.

PUSH TO OPEN DOORS

The Fusion cabinet's doors are equipped with the discrete "push to open" system.

FUSION HORIZON 120 - 069

BIOBOX[®]
FILTRATION
SYSTEM

LED LIGHTING SYSTEM

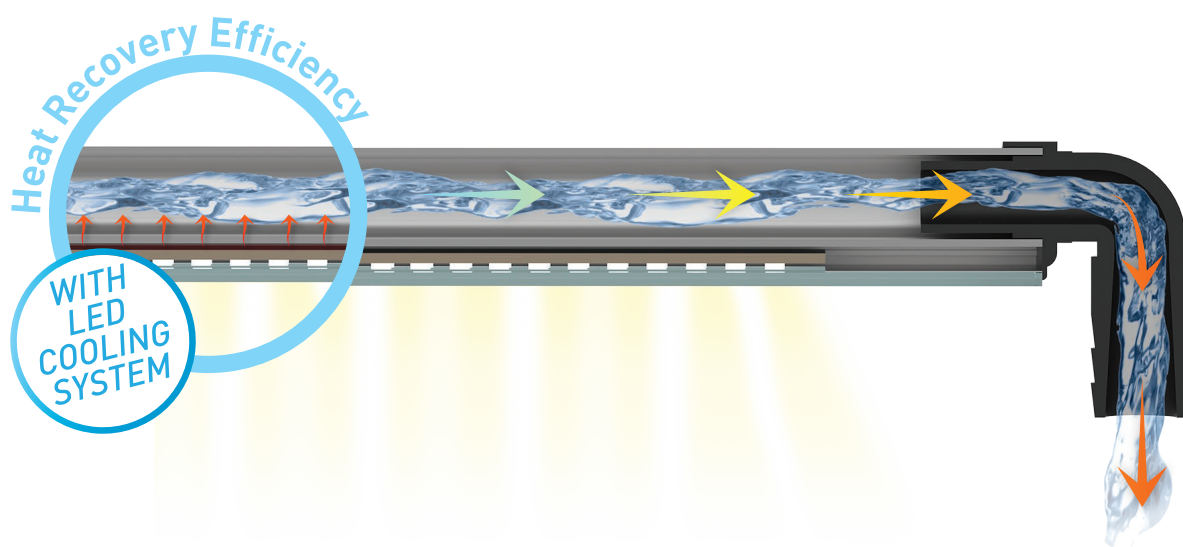

LED technology ensures the high quality of the emitted light due to its high power, and the low voltage makes it safer. It also allows very low power consumption and guarantees a longer life for the lighting. All these advantages offer the fish and plant numerous benefits for their growth and well-being.

 secure	 economic	 ecologic	 low consumption
6800k	80 CRI	 FRESH	 SHRIMP

EASY LED H2O

LED LIGHTING SYSTEM

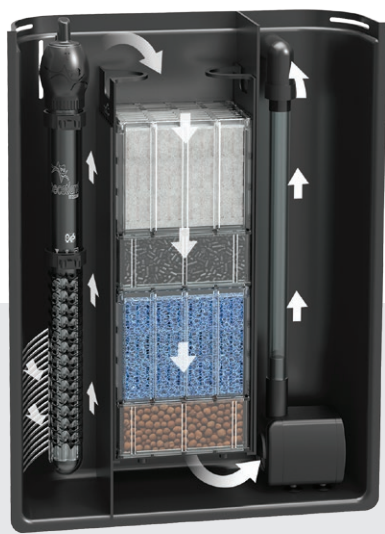

HIGH TECHNOLOGY

Energy savings...

50% lighting
50% water heating

Optionally, you can choose the EASY LED H2O with the lamp cooling system by the circulation of water within the equipment, extending the lifetime of the LED. Through this action, the water take advantage of the heat emitted by the LED and heats itself, reducing the need of the heater, saving energy. This system includes an EasyFlux® water pump.

BIOBOX® 2

BIOBOX® FILTRATION SYSTEM

EASYKLIM®

EASYFLUX®

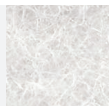

These aquariums can include, if desired, a BIOBOX® filtration system. Thanks to its EasyBox® filtering media system, has excellent biological, mechanical and chemical filtration capacity. Ensures thorough cleaning of the aquarium water, eliminating waste pollutants that can be harmful to fish and plants. The BIOBOX® includes an EasyFlux® water pump, and EasyKlim® heater and EasyBox® filter cartridges. The maintenance of this filter is extremely simple and safe.

EASYBOX®

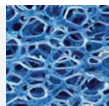

EASY BOX®

FILTER CARTRIDGES

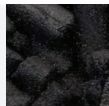

EasyBox Fiber

Highly effective as a pre-filter, retaining the smaller polluting particles of the water of your aquarium.
Weekly recommended replacement.

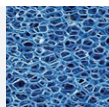

EasyBox Coarse Foam

Material specially structured to promote an intense biological decomposition of pollutants which are harmful to your tank, ensuring water purification
Recommended replacement every 3-5 months.

EasyBox Activated Carbon

Activated carbon removes dissolved organic waste, bad odors, colours and toxins from the aquarium water, through chemical absorption.
Recommended replacement monthly.

EasyBox Fine Foam

Material structured to function as a pre-filter, retaining the existing waste water.
Recommended replacement every 2 weeks.

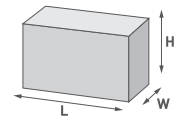

EasyBox Aquaclay

Natural product with a highly porous surface, providing optimal conditions to obtain a high colonization of bacteria essential to the balance of your aquarium and well-being of fish and plants.
Recommended replacement every 4-6 months.
